What is working WELL?

- ✓ Having billings provided by B&R services for their recurring support, I.e. Food, laundry, fuel, etc.
- ✓ Traveling to country locations with STANAGs for signature or drop off and pick up later (two week time frame)
- ✓ Getting integrated into the ASG/TFE and recognized as a needed entity in the reimbursement process with other nations

done differently?

- Provide a receipt for STANAGs that are received by ODCSRM, sent to DFAS, and paid by DFAS
- Guidance for costing of certain support, i.e. Ammo Storage, Billeting, Metered Items, etc.
- Direct and to the point guidance – leaving less room for interpretation; thereby, causing less confusion
- Joint preparation of a MNSC SOP, covering all aspects of running an MNSC
